

2024 KC RESTAURANT WEEK BENEFICIARIES

KANBE'S MARKETS

Kanbe's Markets is a nonprofit organization dually focused on eliminating food waste while eradicating Kansas City's food deserts. Exploiting existing gaps of the local food economy, Kanbe's works with local farmers and partners, regional grocery stores, and national produce wholesalers to sort and distribute food—which would have otherwise ended up going unused—providing access to fresh, affordable and healthy foods in neighborhoods where it is lacking.
